| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Autumn | Number: Place Value <br> Count to ten, forwards and backwards, beginning with 0 or 1 , or from any given number. <br> Count, read and write numbers to 10 in numerals and words. <br> Given a number, identify one more or one less. Identify and represent numbers using objects and pictorial representations including the number line, and use the language of: equal to, more than, less than (fewer), most, least. |  |  |  | Number: Addition and Subtraction <br> Represent and use number bonds and related subtraction facts within 10 <br> Read, write and interpret mathematical statements involving addition (+), subtraction (-) and equals (=) signs. <br> Add and subtract one digit numbers to $\mathbf{1 0}$, including zero. <br> Solve one step problems that involve addition and subtraction, using concrete objects and pictorial representations and missing number problems. |  |  |  | Geometry: Shape <br> Recognise and name common 2- <br> D shapes, including: (for example, rectangles (including squares), circles and triangles) Recognise and name common 3D shapes, including: (for example, cuboids (including cubes), pyramids and spheres.) | Number <br> Count to and backw with 0 or <br> Count, numbers an <br> Given a nu more Identify numbers pictorial including and use equal to, than (few | lace Value <br> nty, forwards ds, beginning rom any given ber. <br> d and write 0 in numerals words. <br> r, identify one one less. <br> d represent g objects and resentations number line, language of: re than, less , most, least. |  |
| Spring | Number: Addition and Subtraction <br> Represent and use number bonds and related subtraction facts within 20 <br> Read, write and interpret mathematical statements involving addition ( + ), subtraction (-) and equals ( $=$ ) signs. <br> Add and subtract one-digit and two-digit numbers to 20 , including zero. <br> Solve one step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7=$ - |  |  |  | Place Value <br> Count to 50 forwards and backwards, beginning with 0 or 1, or from any number. <br> Count, read and write numbers to 50 in numerals. <br> Given a number, identify one more or one less. <br> Identify and represent numbers using objects and pictorial representations including the number line, and use the language of: equal to, more than, less than (fewer), most, least. <br> Count in multiples of twos, fives and tens. |  |  | Measurement: Length and Height <br> Measure and begin to record lengths and heights. <br> Compare, describe and solve practical problems for: lengths and heights (for example, long/short, longer/shorter, tall/short, double/half) |  | Measurement: Weight and <br> Volume <br> Measure and begin to record mass/weight, capacity and volume. <br> Compare, describe and solve practical problems for mass/weight: [for example, heavy/light, heavier than, lighter than]; capacity and volume [for example, full/empty, more than, less than, half, half full, quarter] |  |  |

| Summer | Number: Multiplication and Division <br> Count in multiples of twos, fives and tens. <br> Solve one step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher. | Number: Fractions <br> Recognise, find and name a half as one of two equal parts of an object, shape or quantity. <br> Recognise, find and name a quarter as one of four equal parts of an object, shape or quantity. <br> Compare, describe and solve practical problems for: lengths and heights (for example, long/short, longer/shorter, tall/short, double/half) Compare, describe and solve practical problems for: mass/weight [for example, heavy/light, heavier than, lighter than]; capacity and volume [for example, full/empty, more than, less than, half, half full, quarter] | Geometry: <br> Position and <br> Direction <br> Describe <br> position, direction and movement, including whole, half, quarter and three quarter turns | Number: Place Value Count to and across 100, forwards and backwards, beginning with 0 or 1 , or from any given number. Count, read and write numbers to 100 in numerals. <br> Given a number, identify one more and one less. <br> Identify and represent numbers using objects and pictorial representations including the number line, and use the language of: equal to, more than, less than, most, least. | Measurement: Money <br> Recognise and know the value of different denominations of coins and notes. | Measurement: Time <br> Sequence events in chronological order using language [for example, before and after, next, first, today, yesterday, tomorrow, morning, afternoon and evening. <br> Recognise and use language relating to dates, including days of the week, weeks, months and years. <br> Tell the time to the hour and half past the hour and draw the hands on a clock face to show these times. <br> Compare, describe and solve practical problems for time [for example, quicker, slower, earlier, later] Measure and begin to record time (hours, minutes, seconds) |  |
